

From the Gov!

Lions,

Please share this with all your friends. There is a link below to the LCI website which has links to a group of photos taken in Haiti and an interview on Fox News.

DG Terry

Dear Lions Leaders of Illinois,

Maureen and I have just returned from Haiti where we lead a team of Lions to distribute relief supplies. It brought tears to our eyes to witness the great need of the people, but Lions are committed to meeting these needs for years to come. We also met with local Lions to lay the ground work for long-term reconstruction. As of yesterday we have more than US\$1 million to help them in this effort.

Lions' relief efforts for Haiti have truly made "Lions in Sight", including some interviews I've done in New York and stories in the Chicago area, reaching more than 1 million people.

Carole Burke-Hallberg, Charter President of the Chicago Windy City Cyber Lions Club, traveled with us to document the relief efforts. She is the video producer for many of Lions videos. This week she became part of the story when she was interviewed by Chicago ABC and Fox news stations as well as Suburban Life newspaper. To view some of these media clips, please visit the Haiti section of the Web site at <http://lionsclubs.org/EN/lci-foundation/haiti-relief/index.php>.

Around the world Lions are being featured in their local daily newspapers for their fundraising efforts or contribution to LCIF.

The Haiti section of the Web site also includes photos of Lions' relief efforts in Haiti, and today we're posting a video appeal with footage of Lions' relief efforts. As we receive additional information, it will be posted online.

I will be sending an updated e-newsletter to all Lions next week. Thank you for encouraging Lions of your area to support LCIF for this disaster.

Together We Serve,

Al Brandel  
Chairperson, LCIF
